# A NOTE FROM *The Founder*

Welcome to the **2026** Only Twirlers Spring / Summer Collection!

I am beyond excited to share this year's catalogue with you. Every year, I challenge myself to *push the innovation* of Only Twirlers—bringing you new designs, better fabrics, and must-have pieces that help you look, feel, and perform your best.

**ONLY**  
*Twirlers*

 This year is extra special— **10 YEARS** of Only Twirlers! A whole decade of dreaming big, working hard, and creating for the twirling community I love so much. Thank you for being part of this incredible journey. You inspire me every single day!

As a twirler myself, I know how it feels to search for the perfect practice wear—the pieces that are comfortable, durable, and make you feel confident. Everything I design is made with that same twirler in mind—because I make *the things I always wished I had* when I was competing. From the studio to the stage, my goal is to support you on every step of your twirling journey.

*10 years and just getting started.*

Thank you for trusting me, supporting my dream, and being the heart of Only Twirlers.

Twirlingly, *Shaylie*
